# 4 Portable Display Cases

Arizona Cases are an investment in your business. Engineered for simplicity and reliability, they have been chosen by thousands to meet their display needs. Evidence of their value and durability can be found at trade shows and in stores around the world.

The elegant Model AG231 is the most popular case in our deluxe line.

The look of this precision built display case tells customers you are serious about your business. It presents a professional image that inspires customer confidence in you and your products.

An investment in this locking case includes a padded floorboard, chosen from our wide assortment of colors and fabrics.

*Optional mirrored doors add another dimension.*

All Arizona Cases can be fitted with halogen lighting to increase product visibility and sales.

Carrying cases are available.

### Options

- Mirrored doors (specify MD after item number)
- Halogen strip lighting (p.17)
- Carrying case (p.18)

- Arizona Cases are available in an anodized gold (G), silver (S), or black (B) finish.

AG231

■ Designed to highlight your merchandise and provide security for your valuable products.

■ Holes in the floor allow the light cord to exit the case under the floorboard.

AG231 LOCK

Owning your showcases adds both consistency and security to your display.

Designed for easy handling and portability, Arizona Cases are the overwhelming choice of dealers who want to increase their profits.

Investing in your own showcases is the intelligent alternative to renting. Customers have told us that their new cases paid for themselves in less than two months.

Assembles in minutes - No special tools required.

### Instructions:

- Step 1 - Place the floor of the case on your table and stand up the hinged front.
- Step 2 - Attach the sides by inserting the slip hooks into the slots on the front.
- Step 3 - The door frame is next. Its hooks are inserted into slots on both sides.
- Step 4 - Insert the floorboard and place the top over the side slip hooks.
- Step 5 - Lock the case together from the inside by turning the assembly locks up into the slots underneath the front edge of the top glass.

### TRADE SHOW TIP

Consider wearing cotton gloves to minimize finger prints during assembly. Before placing and locking the case top, arrange your merchandise display from the front of the case (customer view).

# 6 Portable Display Cases

Next in popularity among our deluxe portable cases are the upright models.

Like the AG231, all the cases pictured here are easily assembled without the aid of tools.

At 24" and 34" high, these tower cases are a perfect complement to the lower cases in your display.

Sales and profits will increase as these attention-getters succeed in drawing potential customers to your display.

All cases are locking to protect your valuable merchandise.

They come standard as shown with one, two, or three shelves and a padded floorboard in your choice of fabric and colors.

All Arizona Case shelves are adjustable and/or removable depending on your display needs. This flexibility allows you to elegantly display many different sizes and shapes of merchandise.

# 10 Portable Display Cases

These tabletop cases are constructed to the same high quality standards found in all Arizona Cases.

Crafted of lightweight but sturdy aluminum, they feature steel locks for security and steel hinges for added durability.

Built in stays allow you to keep the top open for convenient selling.

All of our cases are designed for your safety. There is nothing hanging from the top to scrape your arms or snag your clothing when reaching into the case.

## 12 Store Fixtures

Choose from traditional or contemporary styling to create a selling environment that expresses your store's personality.

Available in a broad array of custom colors and finishes, these cases can be manufactured to look right at home with any décor, at a fraction of the cost of custom cases. They also are great for product displays in corporate reception areas, or for collectibles or sports memorabilia in homes and schools.

All fixtures are designed and manufactured to exacting quality standards.

The number of floor plans you can put together with these modular systems is almost unlimited. With a little imagination, you can have exactly the look you want, in a floor plan that makes the most of your available space. All fixtures can be manufactured with a wide variety of options that include frame and base finishes, security and lighting systems, mirrored doors or end-panels, and alternate storage systems.

### Modular units

Showcases are manufactured per your order in 36", 48", 60", 70", and 72" lengths. They are standard at 38" high and 20" deep. Cases have a recessed laminate base with 16" deep open rear storage, and aluminum corner protectors. The basic model has sliding panel doors on the display area with no lock or light.

- A. SFJC - Jewelry display cases have a 12" display area
- B. SFHV - Half Vision Cases have an 18" display area with an adjustable 10" glass shelf.
- C. SFFV - Full Vision Cases have a 24" display area with two adjustable shelves, one at 8" and one at 10" wide.
- D. SFEV - Extra Vision Cases have a 32" display area with two adjustable shelves one at 8" and one at 10" wide.
- E. SFWC - Wall or Trophy cases have adjustable shelves. The back panel can be clear glass, mirror or slat-wall.

### Tower cases

These tower cases are ideal for accented display of a variety of items. They are available with a brushed or polished silver or gold finish. Tempered safety glass is used for all exterior glass, including the locking, frameless door. Standard halogen spots provide exceptional lighting for your finest merchandise.

- F. SFTS - Square tower case, 16" x 16" x 75" tall
- G. SFTH - Hexagonal tower case, 20" wide x 75" tall

### Counter top fixtures

- H. SFFC - Flat counter case
- I. SFTC - Tall counter case

# 14 Glass Display Units

These glass cube units are made with strong, safe, 3/16" thick tempered safety glass, with polished edges. Four to five times stronger than non-tempered glass, the Display Cube Systems exceed all uniform building code requirements for safety glass in areas of public contact.

Open glass displays offer simplicity and quality without compromising product presentation.

Pictured here are just a few classic display designs that can be constructed as single or double sided units.

Bases are optional.

Please call for information and pricing on pre-designed units or custom-design your own.

• Cases shown are locking, and the shelves are adjustable.

At Arizona Case, we will work with you to create the right design for your store. This usually begins with a floor plan. Simply Fax or Email us a simple or detailed sketch of the store layout, with a rough idea of case placement, and any other requirements for review.

Here are some questions and common features to think about.

- 1. Locks.** The cases do not come with locks for the display area. This is an inexpensive upgrade that is well worth it.
- 2. Lights.** We can outfit showcases with halogen or fluorescent lighting, front and rear.
- 3. Electrical.** Wiring can be as basic as a pig-tail, or as convenient as interlocking case to case plugs.
- 4. Mirrored ends and doors.** This can help with illumination, cut out distractions, reinforce a theme and create a spacious feel to the case.
- 5. Laminate finish.** Upgrading to a high pressure laminate adds durability to your cases, as well as adding greater possibilities for the finish.
- 6. Flush front.** Create more storage and a cleaner look by bringing the base in line with the glass.
- 7. Storage.** Initially just open space, the area beneath the display can be doors, drawers or any combination thereof.
- 8. Floorboards.** Fabric covered floorboards can be made for your cases to match your store's decor, your displays, or to highlight certain lines.

Keep in mind when ordering Fixtures for your store, they will likely be made for you. Plan ahead; allow a minimum of 6 to 8 weeks for production from the time your order is approved. All orders must be approved before production can be scheduled. Approved orders are non-cancelable once production begins.

We often have some cases on hand that are available to ship quickly. Full view and Extra view modular cases 70", 60", or 48" long are kept in stock to ship within 48 hours, as is the jewelry case at 70" long. They are locking and lighted, with silver trim and low pressure laminate. Call for color availability.

# 16 Light Support Poles

• These two poles combine to make a 10-foot crossbar.

Our pole systems are light-weight and versatile, allowing you the ability to design and assemble the system you need.

The construction of the overhead pole systems lets you easily span a ten-foot booth, and then expand infinitely. The aluminum components are sturdy and make the system lightweight and compact for easy travel.

- **TDMs** - Removable double magnetic lid, manufactured with a soft satin pillow inside the lid to protect your merchandise.
- **TSMs** - Heavy vinyl "book cover" hinge with a magnetic closure. A soft satin pillow inside the lid protects your merchandise.

■ Avoid using ammonia based cleaners, and abrasive paper towels when cleaning acrylic lids. The plastic will fog and scratch. We use and recommend Brilliance and a soft shop towel.

**OPEN TRAYS**

At Arizona Case we make our trays to last. Our trays are made from cabinet grade birch plywood or clear spruce. The corners are given tongue and groove joints for strength and the bottom is securely stapled.

The result is a durable, lightweight tray that stacks nicely for storage.

### Case Floorboards

Complete your case or window display with a fabric covered floorboard or back board. A subtle change of hue can help to visually distinguish different lines. A matching or contrasting color can bring the customer's focus on to your jewelry. This allows the displays to grab the customer's attention and then blend into the background. Floorboards can be manufactured in any size, shape, color or material. They are priced per foot based on depth.

■ After getting customers to visit your store or booth, it is important that you keep their attention focused on your line. This can be accomplished through effective display techniques. Choose a color that highlights your merchandise and accents your theme. The perfect display is one that literally blends into the background. Arizona Case displays are designed to effectively present your merchandise, not to overwhelm it.

The hexagon is one of the easiest geometric shapes to work with when putting your displays together. These pieces work well individually, or as a group of several different pieces. Please see pages 29 and 31 for additional hexagon displays.

## ■ 100% SATISFACTION GUARANTEE

Your complete satisfaction is important to us at Arizona Case. If you are unhappy with any of our catalog items for any reason, simply return the item within 30 days of receipt for a prompt exchange, credit or refund. We ask that you call for a return authorization number to facilitate proper handling. Returns must be in the original carton with a copy of the invoice, and must be in resalable condition as determined by Arizona Case. All returns are subject to a 25% restocking fee. Original freight is non refundable. Arizona Case cannot be held responsible for inadequately packaged returns.

---

## ■ CUSTOM OR SPECIAL ORDERS

If there is a specific product you are looking for and you don't find it in our catalog please call us and ask about having the item specially manufactured for you. We will do every thing we can to get you exactly what you need. Special orders must be prepaid and can not be returned, exchanged or refused.

---

## ■ SMALL ORDERS

While we are happy to fill orders of any size to accommodate your needs, orders of less than \$100 are subject to a small order processing fee of \$10.00.

---

## ■ ORDERING

- **By Mail** - Mail orders to: **Arizona Case**  
Attn: Sales Department  
5007 North 53rd Avenue, Suite 2  
Glendale, AZ 85301.

Be sure to include your name, complete address, telephone number and method of payment. Don't forget to specify item numbers, quantities, applicable colors and a brief description.

- **By Phone** - Call toll free **1-800-528-0195**. Our regular office hours are from 9:00AM - 4:30PM, (Arizona Time) Monday through Friday. After hours, weekends or holidays you may leave a detailed message and we'll call you back as soon as possible. If you are an existing customer and have your customer number handy, it will speed up the ordering process.

- **By Fax** - Our FAX number is (623) 931-3692. It is accessible 24 hours a day for your convenience. When sending an order or any other request by fax, be sure to include your customer number and a telephone or fax number, in case we have any questions.

- **Online** - Completely fill out and submit the purchase order form on the website. Please do not Email Orders. Online orders are subject to approval and may need verification by phone or fax before shipping can occur.

- **Back Orders** - Please indicate your preference for backordering when placing your order. Orders are shipped complete unless otherwise specified. Items on back order are shipped as soon as possible. You are not charged for these items or their shipping until the order is filled. We will work with you to get the items you need when you need them.

---

## ■ PAYMENT METHODS

- **Credit card** - For the convenience of customers who would like credit or extended terms, we accept **Visa**, **Mastercard** and **Discover** cards.

- **Terms** - We will extend credit upon request to customers rated 1 or 2 by the Jewelers Board of Trade. Finance charges are added to all past due accounts at the rate of 1½% per month (18% APR).

**International shipments** must be prepaid in US dollars, including freight charges. Credit cards or electronic fund transfer are acceptable means of payment. Please contact our customer service department for details.

- **Check or Money order** - If you prefer to send a check or money order, your order will not be processed before receipt of payment.

- **C.O.D. Shipments** - C.O.D. shipments are only available to pre-approved existing customers. An additional order processing charge of \$5.00 will be added to every C.O.D. shipment. This charge is in addition to any fees imposed by the carrier.

---

## ■ RETURNED CHECKS

Returned checks will be assessed a \$25 service charge in addition to any Bank fees or charges, and will cause future orders to be shipped upon prepayment only.

---

## ■ PRICING

Prices shown are net. Discounts indicated are for quantity purchases of the same item, as shown on the most current price list. We try to keep our prices consistent and as competitive as possible. Prices are subject to change without notice. We reserve the right to correct catalog errors in product description or price.

---

## ■ SHIPPING INFORMATION

Orders for in stock items are generally shipped within 24-48 hours. If items must be manufactured every effort is made to meet your deadlines. Every attempt is made to ship each order the most economical way. UPS ground is standard. Next day, Two day and Three Day services are available upon request. UPS, Federal Express & others can not deliver to P.O. Boxes. All shipping charges are the responsibility of the customer.

---

## ■ DAMAGED SHIPMENTS

Damage or loss in transit is the responsibility of the carrier. Please open and inspect all shipments immediately to protect your right to file a claim. If you discover damage after opening a UPS shipment, save all packing material and call Arizona Case to arrange an inspection. Do not return the package to Arizona Case until instructed. For other carriers, obvious damage should be noted on the freight bill before the driver leaves. This protects you and enables you to file a damage claim with the carrier. To protect yourself in case of concealed damage, save all packing material and immediately call the carrier upon discovery for inspection. If the carrier does not respond within 5 days, contact our customer service department for assistance.

---

## ■ FABRICS AND COVERINGS

Arizona Case is not responsible for changes in color due to dye lot variations. Color matches are assured for items ordered at the same time, but cannot be guaranteed for orders placed at different times. Although we strive to use only the highest quality fabrics, we have no control over, nor can we be responsible for, the longevity of a fabric. Some of the factors that affect display life include exposure to intense light or excessive heat, soiling and normal everyday wear and tear.
